ENTHUSED OVER HIM.

Pittsburgh Greatly Interested in Champion Schaefer,

WHO WINS TWO FINE GAMES THERE.

To see him Play Gives a Delusive Idea of the Ease of the Finest Shots—What Wheeling People May Expect at the Opera House this Evening—"The Wizard's" Skill.

Judging from the interest created in Pittsburgh last night and the night before in the billiard playing of Jacob Schaefer and W. A. Spinks, Wheeling people will have a chance to witness a rare contest at the Opera House this evening, to say nothing of the exhibition fancy shots by both these champions. Yesterday's Pittsburgh Dispatch says:

To see Jacob Schaefer play billiards lends a spectator to think that making cushion caroms or any other kind of caroms is one of the easiest things to do in life. Why, when he is manipulating the cue there is apparently nothing difficult at all about the game; it looks as simple as playing marbles, and one wonders why the most unskillful backwoodsman cannot turn in and reel off 50 points at a crack without any trouble. The wonderful, the marvelous skill of Schaefer as a billiard player cannot be explained. He simply astounded an immense audience last evening at the Fifth Avenue Brunswick billiard hall, and everybody present could easily understand why he is called the "Wizard."

Champion Schaefer and W. A. Spinks, champion of the Pacific slope, played two games at the hall named last evening. One was the 14-inch balk line game, 300 points up, and the other at straight rail, 200 points up. The spacious hall was excellently fitted up for the occasion and was packed. Every person present was delighted with the entertainment, and without exaggeration it was the best entertainment of the kind that has ever been held in Pittsburgh.

The champion looks just as he did years ago and his skill is just as extraordinary. He was in very good form last evening, and his brilliant plays were loudly cheered. In the 14-inch balk line game he once or twice showed his skill at the "anchor nurse" play; but he was not desirous of running too big a score by it, and broke the balls away.

Mr. Spinks is a good player, but he was a little out of form last evening, and what might be called in very hard luck. The balls rolled badly for him in both games. Several times he made some very brilliant shots and was well applauded.

The 14-inch balk line was first and Schaefer began the contest by making a goose egg. Spinks made one and then the champion ran up 20 by a splendid play. He ended his run by failing in a masse shot. Spinks followed with a brilliant 18 and then Schaefer made another cifer. Spinks followed with a 5 and a 7 and Schaefer with a 12 and a 3. Then the champion made the second highest run of the game. He ran up 70, and in making them he utilized the "anchor nurse" twice. The play was really splendid. Subsequently Schaefer made runs of 46, 34, 31 and with an unfinished break of 75 ran out the game. Spinks' highest run was 42, and was the result of very good playing indeed.

During a conversation before the game Schaefer said that he will not take part in many more tournaments and that he will go to Paris this year and stay there three or four months.

YESTERDAY the adjusters of the loss on the burned Whitaker iron works met again at W. P. Hubbard's office. There was a good deal of delay in choosing the third arbitrator, and no progress was made, it was said after the meeting, toward fixing the loss to be paid by the different companies.

LAST night the members of Welcome lodge No. 6, A. O. U. W., were entertained at their hall by a photograph exhibition by Rev. Dr. B. A. Bonheim. The instrument was in good shape, and the entertainment was amusing as well as instructive and profitable, and Rabbi Bonheim received a hearty vote of thanks.

THE MOCK LEGISLATURE.

An Interesting Discussion Set Down for this Evening.

The discussion of the Wilson tariff bill having been finally ended in the Mock Legislature of the Ohio county Republican club, the members will this evening take up another live question, and its discussion bids fair to be of even more absorbing interest than the last topic.

The debate this evening will be on the following resolution, offered by Capt. B. L. Dovenor, a Republican member:

Resolved, That the act of President Cleveland in withdrawing the treaty made by this country with the provisional government of Hawaii from the senate of the United States, the appointment, without the knowledge or consent of the senate of the United States, of J. A. Blount as a commissioner to said government with powers paramount to Minister Stevens, and his subsequent course and policy in this respect, is unconstitutional and contrary to true American policy and should be condemned by this legislative body.

This proposition offers a wide field for eloquence, and each party will put forward its strongest leaders to champion its side of the question. The debate will be well worth hearing, and the ladies are especially invited to be present and enjoy the forensic battle. No Republican should miss any of these profitable meetings, and no Republican in Ohio county should remain outside the membership of this thriving club.

THE REILLY WILL CASE.

Argument for a new Trial February 3—The Courts Yesterday.

Yesterday in Judge Campbell's side of the circuit court the argument on the motion for a new trial in the Michael Reilly will contest case was set down for February 3.

The case of the American Preservers Company vs. the Joseph Spindel Grocer Company was reset for trial February 1. Judge Campbell dismissed the case of Daniel Schambra's administrator vs. Joseph Leineweber et al., the claim being fully paid and the building association not wishing to push the case.

In the criminal court Walter Williams, convicted of petit larceny, was arraigned and asked if he had anything to say why sentence should not be pronounced upon him. As he offered nothing Judge Jordan gave him six months in jail "at hard labor."

The case of W. P. Taylor, alias Platoff Taylor, indicted for bigamy, was called. The defendant failed to respond, and his bail bond was declared forfeited and a capias ordered issued for him.

On the road to health—the consumptive who reasons and thinks. Consumption is developed through the blood. It's a scrofulous affection of the lungs—a blood-taint. Find a perfect remedy for scrofula, in all its forms—something that purifies the blood, as well as cures it. That, if it's taken in time, will cure Consumption. Dr. Pierce has found it. It's his "Golden Medical Discovery." As a strength-restorer, blood-cleanser, and flesh-builder, nothing like it is known to medical science. For every form of Scrofula, Bronchitis, Throat, and Lung affections, Weak Lungs, Coughs, and kindred ailments, it's the only remedy so sure that it can be guaranteed. If it doesn't benefit or cure, in every case, you have your money back.

"You get well, or you get \$500." That's what is promised, in good faith by the proprietors of Dr. Sage's Catarrh Remedy, to sufferers from Catarrh. The worst cases, no matter of how long standing, are permanently cured by this Remedy.

STAR CLOTHING HOUSE—D. GUNDLING & CO.

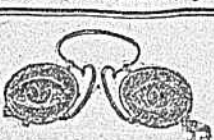

Above Board!

There's no secret about it, although some folks can't see it any more than as though it was thirty-second degree Masonry. But it's as plain as the nose on your face to a large and rapidly increasing number of thinking people that good clothes, rightly tailored, serviceably trimmed, skillfully cut, made from good fabrics, are most desirable for your boys just as surely as such goods are most economical for the men folks. PRICES? Yes. We could quote a book full of them, but what good unless you see them on the garments? As a rule there's the most "hue and cry" about prices where there's the least of merit. Most of it is "all rot" and intended to blind you. WE CAN'T name the lowest prices ONLY because we WON'T handle unreliable stuff. Do you think less of us for saying so candidly? You pick the suit now—we'll do the rest.
